

Introducing A New Service That Can Improve Your Bottom Line

VIRTUAL OFFICE SUPPORT & TECHNOLOGY SERVICES

BROUGHT TO YOU BY BURZENSKI & COMPANY, PC

BURZENSKI & COMPANY'S
VIRTUAL OFFICE SUPPORT &
TECHNOLOGY SERVICES
FREE YOU FROM MANY
COMPLEX BOOKKEEPING
TASKS AND ALLOW YOU
TO SPEND YOUR TIME
MANAGING
YOUR PRACTICE.

We will provide your practice with up-to-date and complete financial information
that will allow you to make informed management decisions.

These collaborative service offerings are secure and can be customized to suit the needs of your practice.

WE'VE GOT YOUR BACK

While you're busy running your practice, we'll provide monitored bookkeeping services through a hosted QuickBooks® solution. With our expertise and guidance, practice owners and their staff can access timely and accurate financial information needed to improve operations and increase profitability.

How are these services different?

Through a secure online platform, our staff will access your QuickBooks® files to provide transaction entry, monthly data review and financial statements. This allows us to maintain a pulse of your business and react quickly to any changes that may take place.

By visiting the Burzenski & Company website, you will be able to log on to your QuickBooks® files any time and anywhere. Both you and Burzenski & Company have instant access to your files, which will *always* be up-to-date, secure and backed up. Our services free you from many complex bookkeeping and accounting tasks and allow you to spend more time managing your practice.
